GRAIN SILOS FOR MURESK

On September 7, two grain silos, each with a capacity of 2,000 bushels were formally handed over to Muresk Agricultural College by representatives of the Trustees of the Wheat Pool of Western Australia.

The presentation was made to the Minister for Agriculture (Sir Charles Latham) by Messrs. W. J. Crosse and C. V. Honner, acting on behalf of the Trustees. Mr. Crosse said that the silos were provided for the use of the College as a loan for an indeterminate period. They were purchased with portion of the Pool Reserve Fund, built up over the years from small fractions of less than one-eighth of a penny remaining after the final pool payments were made.

Top picture shows the silos in position after erection by the students and staff of the College. The lower picture shows (left to right) the Minister for Agriculture (Sir Charles Latham); the Principal of Muresk (Mr. W. Southern); Mr. W. J. Crosse and Mr. C. V. Honner.
