Recommended Citation

This article is brought to you for free and open access by Research Library. It has been accepted for inclusion in Journal of the Department of Agriculture, Western Australia, Series 3 by an authorized administrator of Research Library. For more information, please contact jennifer.heathcote@agric.wa.gov.au, sandra.papenfus@agric.wa.gov.au, paul.orange@dpird.wa.gov.au.
LIST OF DEPARTMENTAL PUBLICATIONS

THE following publications may be obtained from the Department of Agriculture, St. George's Terrace, Perth. Except where a price is specifically stated, leaflets are supplied free of charge. The Department cannot supply leaflets to individual school pupils for use in compiling projects, but where an approach is made by the Principal or Headmaster, copies will be supplied for use in school libraries.

BEES

Leaflet No.
697 Introduction of Queens.
740 Management of an Apiary.
829 Migrating Bees.
861 Honey Producing Flora of W.A.
1005 Bee Combs.
1083 Bees in Box Hives.
1086 Preparing Beeswax for Market.
1099 Control of Swarming.
2010 Raising Queen Bees.
2016 Evicting Bees from Houses.
2043 Efficiency in the Apiary.
2052 Diseases of Bees.

CATTLE AND DAIRYING

342 Cream Cheese.
419 Chart Showing Butterfat Price Given Wholesale Price.
550 Butterfat Tables (Is. per copy).
689 Copper Deficiency and Failing Disease.
757 Dehorning.
787 Mastitis.
832 Brucellosis (Contagious Abortion, Bang’s Disease).
844 Photosensitisation.
853 Cystic Tapeworms (Bladder Worms).
673 Acetonaemia (Acidosis, Ketosis).
675 Strain 19 Control of Contagious Abortion.
911 Herd Recording Results.
942 A Crush for the Tuberculin Testing of Cattle.
970 Better Dairying Competition.
976 Influence of Month of Calving on Lactation.
982 Influence of Month of Calving on Production.
986 The Farm Separator.
990 Grade Herd Recording.
992 Phosphorus Deficiency in Dairy Cows.
1000 Rate of Milking with Machines.
1011 Cost of Feeding Pure Bred Dairy Cows Under Pure Bred Herd Recording Scheme, 1947-49.
1015 Foot Rot (Foul Foot) of Dairy Cattle.
1034 Influence of Grazing Green Oats on Butterfat Content of Milk.
1036 Winter Pruning of Roses.
1038 Better Dairying Competition, 1949-50.
1050 Redwater (Leptospirosis) of Cattle.
1052 Register of Merit.
1055 Cost of Feeding Pure Bred Dairy Cows.
1058 Tuberculosis.
1069 Dairy Herd Improvement Scheme, 1950-51.
1069 Phosphorus Supplements for Dairy Cows.
1075 More Beef from the Kimberleys—1.
1078 Cobalt—Use in Control of Wasting Disease.
1095 Strain 19.
1099 More Beef from the Kimberleys—2.
2000 Actinomycosis and Actinobacillosis.
2000 Vibrosis Recorded in South-West Herds.

Leaflet No.
2012 Internal Parasites of Cattle.
2016 Diseases of Dairy Cattle—Internal Parasites.
2022 A Simple and Effective Cow Bail.
2022 Diseases of Dairy Cattle—Warts and Eye Cancer.
2034 The Shorthorns.
2035 Layout of Dairy Premises.
2036 Identical Twins.
2060 Rearing Calves on Ten Gallons of Milk.
2066 Toxic Paralysis (Botulism) of Farm Animals.
2067 Milk Fever (Parturient Hypocalcaemia) in the Dairy Cow.
2077 We Need More Silage—Part 1.
2078 We Need More Silage—Part 2.
2089 Goat-keeping for Beginners.
2092 A Simple Method of Throwing Cattle.
2097 The Spaying of Cattle.
2101 We Need More Silage—Part 3.
2107 Diseases of Goats.
2109 Castration of Calves and Pigs.
2116 Diseases of Dairy Cattle—Warts and Eye Cancer.
2120 Better Dairying Competition, 1951-52.
2124 Infections Keratitis (Pinkeye) in Cattle.

FARM AND HOME

2001 The Farm Breakfast: Meringued Apples; Plastics in the Kitchen.
2016 Haybox Cookery.
2022 Making the Most of the Christmas Poultry; Summer Handbag in White or Cream Cotton; Try Veal for Variety; To Clean Silver.
2036 The Preparation of Show Exhibits; Beds and Bedding; Hot Pots.
2091 Know Your Knives and Spoons; Some Liver Dishes; Cheese Luncheon Snack.
2104 Some Suggestions for the Christmas Sweet Course; A Dry-cleaning Hint.
2117 Avoiding Pastry “Left-overs”; The Preparation of Jams for Exhibition.

FLOWER GARDEN

2003 Dahlias—Lifting and Storing Tubers.
2016 Plant Your Roses Carefully.
2020 Entyloma Leaf Spot of English Marigolds.
2030 The Winter Pruning of Roses.
2039 Artichokes.
2047 The Budding of Roses.
2051 Migrating Bees.
2055 The Preparation of Rose Beds.
2060 Some Lovely Roses.
2118 The Budding of Roses.

FRUIT

191 Citrus Pit.
219 Bitter Pit—Investigations.
219 Bitter Pit—Occurrence in store in relation to date of picking.
306 Black Spot or Scab of Apples.
327 Wine Making.
380 Black Spot or Scab of Pears.
513 Refurnishing Fruit Trees.
542 Papaw or Papaya.
653 Citrus Growing.

1072 Control of Clearing (Further Notes).
1074 Kimberley Soils Need Phosphates.
1079 Soil Conservation in Western Australia.
1094 The Soil—Our Basic Asset. Water Erosion
Control.
2008 Soil Conservation Farming.
2013 The Hose U-Tube Level.
2014 Soil-Saving Schools.
2020 The Regeneration and Maintenance of Wimmera
Ryegrass Under Saline Soil Conditions.
2020 Water Erosion Control—5.
2020 Soil Conservation Service.
2030 Wind Erosion Control—1.
2042 The Soil—Our Basic Asset.
2046 Make the Best Use of Your Rainfall!
2096 Soil Analyses.

TREES
561 The Tung Oil Tree.
977 Trees for the Wheatbelt.
1078 Karri (E. diteriscuscolor) Jarrah (E. margina).a
1096 Tuart (E. gomphocephala); Illyarrie (E. eryth-
corpus).
2007 Salmon Gum (E. salmonphloia); Scarlet Pear Gum
(E. Stotei).
2013 Tree Lucerne.
2015 Ginlet Trees (E. saubris and E. campaspe); Pear-
Fruited Mallee (E. pityformis).
2020 Swamp or Flat-Topped Yate (E. occidentalis);
Brown Mallee (E. astrignens); Four-Winged
Mallee (E. tetraptera).
2029 Coral-Fingered Gum (E. torquata); Lemon-
Flowered Gum (E. Woodwardii); White Mallee
(E. erythronema).
2032 Coobaiah (E. microtheca); Grey Box (E. tectifica).
2064 E. eloxa; Red Tingle (E. Jacksonii).
2082 Red Box or Gum-Barked Coolabah (E. interes-
ta); Forrest's Mallee (E. Forrestiana).
2123 Durands Mahogany (E. Brockcwey); Round-Leaved
Mallee E. orbifolia; Gungunnu (E. caesia).

TOBACCO
1055 Cultivation of Tobacco in Western Australia.
2011 The Promotion of Sucker Growth in Tobacco
after Topping.
2093 Tobacco Growers' Problems.

VEGETABLES
179 Green Tomato Bug.
292 Cultivation of Onions.
501 Potato Moth.
532 Bacterial Blight in Beans.
586 Pure Cultures.
712 Cabbage Butterfly.
719 Bean Rust.
721 Biosen End Rot of Tomatoes.
723 Red Legged Earth Mite.
732 Black Spot and Stem Rot of Peas.
733 Mosaic of Peas and Broad Beans.
744 Chocolate Spot of Broad Beans.
752 Vegetable Seed Production.
754 Thrips.
759 Black Rot of Cabbage, Cauliflowers and Related
Plants.
762 Red Spider.
777 Vegetable Growing. (2s. per copy.)
779 Snails and Slugs.
792 Vegetable Weevil.
793 Tomato Culture in the Geraldton District.
814. Potatoes. Use of tuber-unit plots in the cultiva-
tion of seed.
817 Bean Mosaic Menace.
836 D.D.T. as an Agricultural Insecticide.
856 Vegetables. Selection for seed production.
867 Bacterial Canker of Tomatoes.
872 Pericarps for Lectures at York.
897 D.D.T. and 666 Experiments.
915 Late or Irish Blight of Potatoes.
945 Red Root or Edelhow Garl Disease. Control by
Soil Fumigation with D.D.
956 Whiptail in Cauliflowers. Use of Molybdenum.
1030 Some Facts and Suggestions in Connection with
the Grazing of Potatoes.
1023 Climbing Cutworm or Tomato Moth.
1024 Bordeaux Mixture.
1025 Pea Weevil.

LEAFLET NO.
1063 Westralia. A New Rust Resistant Pole Bean.
1044 Vegetable Seed Treatments.
2003 Potato Harvesting Machines.
2009 Late or Irish Blight of Potatoes.
2015 Lettuce Mosaic.
2028 Black Spot or Early Blight of Tomatoes.
2036 Early Blight of Potatoes.
2084 Plant Diseases—Spotted Wilt of Tomatoes.
2105 Black Spot or Early Blight of Potatoes.
2116 Further Experiments in the Control of Early Blight
of Potatoes.

VERMIN
438 Vermin Poisoning.
1061 The Destruction of Rabbits.
1099 On the Trail of the Dingo.
2023 Wild Dog Investigations—Warburton Ranges.
1952 Wild Dog and Dingo Destruction.
2053 The Wallaby Menace in the Kimberleys.
2061 Dingo Deserts of Gascoyne Poison.
2067 Poison Trails for Rabbit Destruction.
2061 Dingo and Wild Dog Destruction—Part 3.
2110 Rubrum Trap for Vermin.
2113 Aerial Baiting Against Wild Dogs and Foxes in
Western Australia.

WEEDS, POISON PLANTS
103 Zamia Palm.
2019 Common Thornapple.
501 Wild Turnip.
2030 Chemical Weed Killers.
2241 Skeleton Weed.
427 St. John's Wort.
528 Tree Balsam or Gascoyne Poison.
567 Four New Noxious Weeds.
2082 Poison Plants of Gascoyne Stock Route.
730 Cape Tulip.
764 Trials with Selective Weed Killers.
783 Bathurst Burr.
920 Bracken Fern.
933 Caltrop.
934 Ragwort.
978 Nooogoora Burr.
1006 Recent Developments in Chemical Weed Control.
1086 Large Scale Chemical Weed Control in Crops.
1076 Poison Plants of W.A.—Pituri.
2002 Hydrocyanic Acid Poisoning from Poison Rush.
2008 Poison Plants of W.A.—Oxylobium and Gastro-
lomum.
2009 Poison Sedge and Cyanogenesis.
2015 The Wedge-Leaved Rattlepod.
2019 Growth—Regulating Substances Used for Weed-
Killing.
2022 The Distribution of Some of the More Important
Toxic Plants of South-Western Australia.
2022 Poison Plants of Western Australia—The Cape
Tulip.
2041 Poison Plants of Western Australia—The Thorn
Apples.
7050 Crop Spraying with Hormone-like Weedkillers.
3268 Bracken Fern Control.
2085 Poison Plants of Western Australia—Euphorbia.

MISCELLANEOUS
93 Home Tanning of Skins.
861 Canine Distemper.
890 State Agricultural Education.
918 Handy Aid to the Clearer.
1017 Muresk Agricultural College.
1027 Kimberley Research Station Progress Report,
1947-49.
1066 A Useful Light Grading Implement.

2020 Checking Run-off on Cultivation.
2046 Make the Best Use of Your Rainfall.
2066 Running Barbed Wire.

Journal of agriculture Vol. 3 1954
THE NEW MODERN DIESELS

DIRECT INJECTION — Full Diesel.
Low Fuel and Oil Consumption.
Prompt, Easy Starting.
Working Parts Totally Enclosed.
Automatic Lubrication — Oil Sealed Bearings. Medium Speed, Heavy Duty, Long Working Life. Obtain full particulars NOW.

A. H. MCDONALD & Co. 36074
36-42 Monger Street, Perth.
Also at Melbourne, Sydney, Brisbane, Adelaide.

ROSES
on Fortuniana Stock grown at Kalamunda

FARMERS HAVE PROVED...

KFM

defeats Flystrike

Australian farmers and station owners buy more K.F.M. than any other brand. Why? Because K.F.M. emulsion has been tried and proven over the years. K.F.M. is both a cure and preventive of Blowfly strike. Flies resting on a K.F.M. treated area absorb sufficient D.D.T. through the pads of their feet in a few seconds to ensure certain death.

From your local AGENT or
WILCOX MOFFLIN LTD.
SOUTH TERRACE, FREMANTLE

1 Gallon of K.F.M. emulsion makes 6 gallons of working mixture.

FIRST BY FAR
in the Nation's Agricultural Needs

UTILITY BUILDINGS have proved their sound value for every possible use. Their size and versatility solves every building problem . . . such as storage of implements, garages, shearing sheds, milking sheds, fertiliser fodder storage. Designed to withstand any weather conditions they are a permanent guarantee as a property asset.

OPEN-FRONTED IMPLEMENT SHEDS
Steel framework only or complete with timber, sheeting, ridgecap and all fixings.

A Property Asset—for use as storage of Implements, Garages, Shearing Sheds, Workshops, etc.

HAY BARNs:
Designed primarily as a Hay Barn but also affords protection for most types of bulk storage. This useful unit is well worthy of a place on your property . . . it will save you pounds in the long run. Available as sizes shown below—or length in any unit of 10 feet. Constructed to last—framework is of heavy materials throughout, and should not be confused with light structures as offered in other places.

60 ft. x 30 ft. Span x 16 ft. high. 10 ft. x 20 ft. Span x 16 ft. high. Sides to Hay Barns can be covered if required.

Write, phone BF 1674, or call in and see us.
