Strong, Rigid and Permanent Wiles Standardised Construction method makes additions possible at any time, without inconvenience!

Wiles Lattice type buildings are engineered to exacting specifications. Standard interchangeable sections enable accurate assembly by unskilled labour. The complete Wiles range of steel buildings have been designed and thoroughly proved and are manufactured in standardised types allowing for the production to your requirements of almost any type of building.

Wiles Make Steel Building Frames for:
Hay Barns, Implement Sheds, Shearing Sheds, Packing Sheds, Grain Stores, Wool Sheds, Garages, Staff Quarters, Cottages, Etc.

WILES
MANUFACTURING CO. LIMITED
14 ST. GEORGE'S TERRACE, PERTH
Telephone BA 3972

Rigid Tyne S.J. Combine

The machine for pasture renovation in hard soil conditions. Available with pneumatic or steel wheel equipment. Narrow tynes and extra clearance between floats and ground allows obstructions to clear machine quickly.

A proven Wiles Implement!

Please send me full details of the following (strike out that which is not applicable)—
