IMPORTANT DISCLAIMER

This document has been obtained from DAFWA's research library website (researchlibrary.agric.wa.gov.au) which hosts DAFWA's archival research publications. Although reasonable care was taken to make the information in the document accurate at the time it was first published, DAFWA does not make any representations or warranties about its accuracy, reliability, currency, completeness or suitability for any particular purpose. It may be out of date, inaccurate or misleading or conflict with current laws, polices or practices. DAFWA has not reviewed or revised the information before making the document available from its research library website. Before using the information, you should carefully evaluate its accuracy, currency, completeness and relevance for your purposes. We recommend you also search for more recent information on DAFWA's research library website, DAFWA's main website (https://www.agric.wa.gov.au) and other appropriate websites and sources.

Information in, or referred to in, documents on DAFWA's research library website is not tailored to the circumstances of individual farms, people or businesses, and does not constitute legal, business, scientific, agricultural or farm management advice. We recommend before making any significant decisions, you obtain advice from appropriate professionals who have taken into account your individual circumstances and objectives.

The Chief Executive Officer of the Department of Agriculture and Food and the State of Western Australia and their employees and agents (collectively and individually referred to below as DAFWA) accept no liability whatsoever, by reason of negligence or otherwise, arising from any use or release of information in, or referred to in, this document, or any error, inaccuracy or omission in the information.
Journal of Agriculture

Western Australia, June, 1974         Volume 15, No. 2 (4th series)

CONTENTS

34 Annual ("Wimmera") ryegrass toxicity
    Review of the annual ryegrass toxicity problem and a report on research progress.

39 Wheat breeding
    Department of Agriculture wheat breeding policies and progress.

44 Pasture seeds
    Production techniques and the future marketing situation for West Australian pasture seeds.

48 Nitrogen fertilisers for pasture production
    A place for nitrogen fertilisers in pasture production in the South-West?

52 Research Round-up
    Development of a selective bait for rabbits—New ridge seeder/mulcher for planting on salt-affected soils—Cross pollination between narrow-leafed lupin varieties—Madden—a new rust-resistant wheat variety.
