MURESK AGRICULTURAL COLLEGE
(Department of Agriculture)

Parents are reminded that applications for 1963 admission to Muresk Agricultural College close on December 31st of this year. A preliminary selection of 1963 entrants is made after the Junior results are available early in 1962.

The successful applicants then continue with Sub-Leaving, or higher studies, in 1962.

Before the course can be commenced applicants must have studied—

Junior—English; Maths. A; Maths. B; Physics and Chemistry (or Science A and B, or Gen. Science); Book-keeping; and others such as Geography.

Sub-Leaving—English; Maths. A; Physics; Chemistry and others.

Those who take Gen. Science need extra Chemistry and Physics in the following year. Some prefer to take Junior Book-keeping in the same year.

Should places still exist for 1963 commencement after the preliminary selection early in 1962, they are filled in order of application during 1962, by qualified applicants.

Duration of Course—Two years.

Fees—Approximately £190 per annum covering full residential charges.

Scholarships—Department of Agriculture (3), the "Countryman" and J. J. Poynton Memorial (2).

Boarding Allowance—Most Muresk students are eligible for the Education Department Boarding Allowance (£50 per annum).

Full details of the College are obtainable from the Principal, Muresk Agricultural College, Muresk, W.A., or the Department of Agriculture, Perth.
