From Cropping to Crochet

By HELEN M. GLOSTER

Many of our readers will now be enjoying well earned holidays at the sea-side, after a strenuous year on farms. The woman who is busily occupied all the year finds it difficult to sit for hours on the beach just watching the children paddling and playing with buckets and spades.

Crochet provides a pleasant, relaxing occupation, why not make a crochet bag? You could make one to go with that end of season summer frock you plan to buy.

The round bag illustrated was made in white knitting cotton, but could be made in coloured cotton which is available in a number of pastel shades.

The second bag, designed for a "teenager," was worked in white with sky blue zebra stripes.
