IMPORTANT DISCLAIMER

This document has been obtained from DAFWA's research library website (researchlibrary.agric.wa.gov.au) which hosts DAFWA's archival research publications. Although reasonable care was taken to make the information in the document accurate at the time it was first published, DAFWA does not make any representations or warranties about its accuracy, reliability, currency, completeness or suitability for any particular purpose. It may be out of date, inaccurate or misleading or conflict with current laws, polices or practices. DAFWA has not reviewed or revised the information before making the document available from its research library website. Before using the information, you should carefully evaluate its accuracy, currency, completeness and relevance for your purposes. We recommend you also search for more recent information on DAFWA's research library website, DAFWA's main website (https://www.agric.wa.gov.au) and other appropriate websites and sources.

Information in, or referred to in, documents on DAFWA's research library website is not tailored to the circumstances of individual farms, people or businesses, and does not constitute legal, business, scientific, agricultural or farm management advice. We recommend before making any significant decisions, you obtain advice from appropriate professionals who have taken into account your individual circumstances and objectives.

The Chief Executive Officer of the Department of Agriculture and Food and the State of Western Australia and their employees and agents (collectively and individually referred to below as DAFWA) accept no liability whatsoever, by reason of negligence or otherwise, arising from any use or release of information in, or referred to in, this document, or any error, inaccuracy or omission in the information.
**List of DEPARTMENTAL PUBLICATIONS**

The bulletins named in the following list are mainly reprints of articles which have appeared in “The Journal of Agriculture” and the date of the original publication has been appended to facilitate reference to bound volumes of the Journal. Except where a price is expressly stated, these bulletins may be obtained free of charge either by applying at the counter of the Department of Agriculture or by writing to the Publications Officer, Department of Agriculture, Jarrah Road, South Perth. If ordering by letter please quote the serial numbers of the bulletins. Not more than ten bulletins can be supplied in response to each application.

"ECONOMY SPAN"

RANGE OF STEEL FRAMED
FARM BUILDINGS
25 and 30 ft SPAN

- Rolled Steel Joists as used in most modern steel construction.
- Strong, simple, clean frame construction, easy to maintain.
- Complete weather proofing at ridge. Special round shaped galvanized corrugated iron eliminates water penetration.
- 20 ft. and 24 ft. beams in rolled steel joists give increased height under beam. (No trusses necessary.)
