## **IMPORTANT DISCLAIMER**

This document has been obtained from DAFWA's research library website ([researchlibrary.agric.wa.gov.au](http://researchlibrary.agric.wa.gov.au)) which hosts DAFWA's archival research publications. Although reasonable care was taken to make the information in the document accurate at the time it was first published, DAFWA does not make any representations or warranties about its accuracy, reliability, currency, completeness or suitability for any particular purpose. It may be out of date, inaccurate or misleading or conflict with current laws, policies or practices. DAFWA has not reviewed or revised the information before making the document available from its research library website. Before using the information, you should carefully evaluate its accuracy, currency, completeness and relevance for your purposes. We recommend you also search for more recent information on DAFWA's research library website, DAFWA's main website (<https://www.agric.wa.gov.au>) and other appropriate websites and sources.

Information in, or referred to in, documents on DAFWA's research library website is not tailored to the circumstances of individual farms, people or businesses, and does not constitute legal, business, scientific, agricultural or farm management advice. We recommend before making any significant decisions, you obtain advice from appropriate professionals who have taken into account your individual circumstances and objectives.

The Chief Executive Officer of the Department of Agriculture and Food and the State of Western Australia and their employees and agents (collectively and individually referred to below as DAFWA) accept no liability whatsoever, by reason of negligence or otherwise, arising from any use or release of information in, or referred to in, this document, or any error, inaccuracy or omission in the information.

the Journal may be re-  
printed, provided that both  
the Journal and the auth-  
ors are acknowledged.

—  
**COVER PICTURE**

Light land development in  
the West Midlands. Land  
development, particularly the  
development of scrub-plain  
soils, has been the outstand-  
ing feature of West Austral-  
ian Agriculture over the past  
20 years. (See article on  
page 355.)
